page 1

I'm pro se. I was laid off from Josh Tollett Masonry during October, 2022 and not given appropriate reason. On 09/16/21 my 12yr old son was kidnapped per fact. On 09/16/21 a conspiracy to obstruct or "cover up" a kidnapping began. During 09/17/21 a "fake"/"staged" domestic occurred against me. I was kidnapped to incarceration and my 12yr old son was kidnapped again. The owner of Josh Tollett masonry is Josh Tollett. Josh Tollett is family relation to both my previous Attorney, Ivy Jo Gardner Mayberry, and Deputy Alvarez, who's the female arresting officer that helped execute excessive force against me. Josh Tollett knew about some of my evidence before the unlawful removal from my home, that includes a short video of my ex-wives

threats after telling my ex-wife I was cutting off the direct deposit. I informed and showed the video to Mr. Tollett plus others at Josh Tollett Masonry or "JTM", in regards to Mrs. Webb's threats after cutting off the direct deposit. I informed them because I knew Mrs. Webb would cause me problems at work as she's did before in which I informed Mr. Tollett of this fact that was somehow used in this "Lunatic Ball" against me. After my previous Attorney, Mrs. Mayberry, committed fraud to a "fake" contract and helped in conspiracy to kidnap my 12yr old son in conspiracy to excessive force against me. I temporarily paid my sisters \$100 per week to sleep on their couch. While sleeping on "the couch" at my sisters on Grandview Mountain, I notified both Mrs. Mayberry, and Josh Tollett on different occasions that I don't want to be staying on the Mountain in the specific area surrounding my sisters home. As my circumstances become worse I notified Mr. Tollett or JTM I would have to pursue work with an employer who offered a motel room and per diem due to my circumstances not being immediately corrected.

JTM and myself negotiated a place for me to stay along side two other employee's that was in between Dayton and Chattanooga, TN while I worked at Lakeside School restoration and new construction. My job become sabotaged at no end. I was blamed in secret for acts I wasn't allowed to defend myself on. A plumbers helper was one of the problems on the job in which he was purposely laid off to "erase" him from the job, and the thefts he was suspected of. I caught the plumber helper more than once in which I manipulated my Dewalt drill back he stole along with me accusing him of what he was doing. I also returned co-workers and JTM items the plumbers helper attempted to steal without telling anyone they were stolen and retrieved without noticing they were stolen. My scopes for my job were prevented at no end due to other contractors not completing their job scopes. I performed other contractors or tradesman(s) job scopes so I could complete my own. Other contractors/tradesman paid me in various ways I confronted after I learned I was being set up for failure. The female and strictly professional principal often checked on me during late evenings while I was working. That

Same female principle professionally welcomed me and my presence that included late hours. The tradesman and other contractors became aware of my circumstances including corruption, my son kidnapped, and unlawful removal from my home through excessive force by Female Deputy Alvarez and her Sgt. who's also family relation to Mr. Tollett. I became friends with the other tradesman that included the roofers from South Carolina. The roofers who stayed late and/or over-night noticed individuals during different timelines in which those stalkers were attempting to "document me for failure" to help erase a 2021 timeline that included kidnapping(s) and an entrapped sitting Judge during election conspiracy. The roofers helped me manipulate the "stalkers" into going away. The contractor was then somehow participating against me on that Chattanooga job. Some "game" was created with focus against me to erase 2021 timeline that includes attempted theft of my home, election conspiracy, and kidnapping(s) before an entrapped sitting judge passed away after known complaint was manipulated.

against him through me. Knowing Ivy Mauberry was Mr. Tollett's cousin I attempted to speed up the "fixing" of my circumstances so I took a USB with a lot of evidence and dropped off to JTM's project manager, Dotten Nash. The U.S.B. was returned to me by Mrs. Tollett along with my payroll stubs in which Mrs. Tollett politely but aggressively handed me the U.S.B. back and stated, "we want nothing to do with." I was scheduled for a Rough Terrain Fork Lift re-certification in which I was taken off the list at "last minute" or the day before in which I confronted, "why?". Mr. Tollett, representing JTM called me back after notification of class canceled for me. I'm stating in my own words, but Mr. Tollett basically told me my future with his company wasn't looking good after me talking about getting FBI involved due to my circumstances. I was discriminated against after continuing to be harassed, attempts to intimidate, and the woman, Jessica Danielle Hill I date after legal separation had sexual affairs with person(s) obstructing the 2021 timeline.

The relationships. Ms. Hill opened herself up to were manipulation to "get to me", and destroy evidence, in which I've named Felony Murder Indictment(s) available in regards to an entrapped Republican sitting Judge during election conspiracy. Ms. Hill was paid, received favors, and engaged in sexual acts that includes religious manipulation and characters out of Cumberland County, TN that includes Mr. Tollett. Mr. Tollett spent time with Ms. Hill paying himself through JTM. Ms. Hill welcomed this manipulation I caught in which I warned her mother. Ms. Hill was/is too naive to then realize she was used to obstruct an extremely serious timeline in which I knew Ms. Hill could be in danger. Instead of telling on herself and others after I confronted Ms. Hill more than once, Ms. Hill wouldn't accept she was used like a piece of meat and started helping the obstruction against me. Mr. Tollett convinced Ms. Hill to obstruct a timeline of 2021 once he realized his participation. The "fingers" were pointed at me to take the attention off of Kidnapping(s), my evidence, the attempted theft of my home, and election conspiracy.

I received scrap metal and other materials from other tradesman who paid me through left over or trash material in which my foreman for "JTM" witnessed, "Skeeter" stayed late with me a couple days after we took ourselves off the clock in which I sped up other trademans job scopes so that we would have work on our own job scopes the next day. I later paid cash to "Skeeter" for payment I received from the trash scrap metal I received as payment for helping. Mr. Tollett wasn't aware of wrong(s) in the beginning or during 2021 Ivy Mayberry and Kevin Bryant conspired in. Mr. Tollett was somehow manipulated into Ivy Mayberry's scheme(s) but during mid 2022 I explained enough to Mr. Tollett and/or JTM for him to know he was manipulated into conspiracy in which Mr. Tollett didn't report these crimes against me as he should have, do to his involvement. Instead, Ms. Hill was manipulated and somehow paid to shut her mouth that includes blackmail of a secret "habit" Ms. Hill also kept hid from me. I also delivered a 55 gallon barrel full of copper/trash/scrap to JTM's equipment yard in Crossville, TN.

A third pressure washer that was stolen from the job in which JTM and/or Mr. Tollett agreed with me it was stolen; I later saw at JTM garage bay area through the window(s) in which I learned it wasn't stolen. I have recordings and 100's of pictures of gifted materials and trash scrap that includes materials non-returnable due to wrong size ordered. Tradesman on the job somewhat knew my circumstances and helped me in which I was preparing or dreaming of building a home to get my son. JTM employee who's another foreman admitted to stalking me from the tree line. Another incident of unknown person stalking me from tree line resulted in me and roofers "setting up" that person that ended up being two men in a grey/silver van attempting to entrap and/or record me. The same guy(s) were stalking me more than a few times I noticed in which I manipulated them gone. Another incident of a man who fell asleep in the tree-line occurred. His shoes were "tactical" style boot/shoes in which I walked up barefoot and tied his shoe-strings together while I witnessed him sleeping on his stomach on the ground.

The stalking, thefts against me, and numerous attempts to entrap me were extremely obvious and aggravating me. Firearm shots were fired three different times in which two incidents were to scare me, in my opinion. One of the three incidents were real. My expensive tools that included cut off saw and hammer drill were stolen during incident I wasn't on the job and was at confirmed location 1 1/2 hr away. JTM's items that were stolen were covered by insurance in which my items were not. Missing body camera footage was manipulated making whomever believe my ex-wife was wearing body cam during a "staged/fake" domestic occurring against me as an act of control. Mrs. Webb or my ex-wife was not wearing body-cam because Mrs. Webb lied at every hearing and trial in which Mrs. Webb holds Judicial notice for felonies against me that include aggravated perjury by Tennessee Supreme Court Appellate Judge. Mr. Tollett attempted to get me to admit to a domestic on the jobsite when I built a bull-nose corner leading into the gym/kitchen hallway. The attempt was "staged" to prevent accountability and liability.

Mr. Tollett and JTM realized a conspiracy against me in which a "game" was manipulated and pushed upon me in which I kept rejecting. I attempted to manipulate myself to another job for JTM in which the following week I was terminated without reason. I was subjected to financial ruin after I kept leaving the job before termination and cutting myself off the clock. I learned my truck and phone was in-part tracked so I would park at various places and leave the truck and phone behind. I was being sabotaged in endless attempts to entrap without defense while suffering kidnappings. I was purposely being extended to cover up a real election conspiracy. I filed for unemployment numerous times in which my attempts were somehow erased. I was purposely being placed in a financial hardship at no end. I went to Crossville, TN Jobs Center to get my user name and password changed in which that employee wrote the new username and password during late 2022-ish. I used that username and password to apply for unemployment during late 2022 and/or early 2023. I wasn't allowed to apply. All my documented attempts

somehow disappeared from the "system". I was then subjected to two "fake" or "staged" trials that includes a six month incarceration and conviction due to Mrs. Webb's "fake/staged" misdemeanor domestic in which Mrs. Webb's the abuser still allowed to prevail to obstruct tampering w/ evidence, conspiracy(s) against me, and to erase 2021 timeline. Upon release from incarcerated loss of liberty I attempted to file for the unemployment again. I kept stating that, "they can't hide my attempts to file due to the hard-drives". I then learned from the Dayton, TN jobs center that the Tennessee unemployment system was completely replaced or "overhauled" with a new system. After release from 2023 incarceration I also stopped at JTM in Crossville, TN seeking work. Mr. Tollett responded and stated he wouldn't work me. I told Mr. Tollett I would be seeking un-employment in which Mr. Tollett stated he would contest it.

When I dropped the U.S.B. off to Dalton Nash at JTM with evidence that may be on his computer at JTM, I told Dalton Nash or questioned him.

"Have you ever seen a real conspiracy?", in which I handed him the U.S.B. during early 2022. The same U.S.B. Mrs. Tollett gave back and again, she stated, "we don't want anything to do with that".

Mr. Tollett and JTM was pretending to help me in which Mr. Tollett later learned of a real conspiracy against me and said nothing to appropriate authorities to help correct. Instead, Mr. Tollett acted as a Snake and helped turn everyone against me that includes Mrs. Hill who admitted to conspiracy against me being blamed on Mrs. Webb or my ex-wife. I told Mrs. Hill my evidence and Mrs. Webb's perjury's won't go un-noticed in which I only need help with timelines. Mrs. Hill responded, "That's not how it's done", and ignored my requests for help. Mrs. Hill was instead instructed to keep me on the farm she lived; keep me busy, and get me to move forward into another home and life leaving my son behind. Mrs. Hill was helping obstruct or erase 2021 timeline and had fun doing it. Mrs. Hill moved somewhere unknown in which Mrs. Hill had help getting that

place, setting it up, and/or adding on to it that was in-part payment(s) to keep her mouth shut. I was illegally monitored and tracked at no end that includes thefts against me and burglaries plus vandalisms to my truck.

JTM and Mr. Josh Tollett acted through the color of state law against me to help erase a 2021 timeline of election conspiracy that includes kidnapping(s) and an entrapped sitting Judge whom died after my evidence was purposely hidden from him that should result in Conspiracy to kidnap and conspiracy to Felony Murder or accessory(s) after the fact. Mr. Tollett and JTM acted through State Actors that include Crossville City Police Dept., Cumberland County, TN Sheriff's Dept., and State of Tennessee unemployment. Mr. Tollett also acted through my previous attorney Ivy Mayberry, who's schemes were hidden once Mr. Tollett realized the illegal acts against me.

While Title VII focuses on employment discrimination, section 1983 allows claims against individuals in which Mr. Tollett was at first manipulated

into using JTM into obstructing the 2021 timeline, I won't lie on, or against Mr. Tollett. Mr. Tollett wasn't yet aware of Mayberry's illegal activities but once realized, Mr. Tollett conspired in Kidnapping(s), conspired in obstruction to bring excessive force to "light", and again, obstructed a 2021 timeline to "save" his own self and JTM. Mr. Tollett knows how the Probate + Family court election position was handed over at Cumberland County. Mr. Tollett learned Irv Mayberry had the same idea but through entrapment and/or blackmail.

After conspiracies to obstruct Kidnapping, election conspiracy, and entrapment against a Judge, I was discriminated, sabotaged, and "targeted" through JTM. I was denied my fourteenth amendment right of equal protection to the U.S. Constitution through JTM on purpose that has ruined my life. JTM purposely focused on my non-violent background making me appear as a thief and lost cause ex-felon allowing JTM to discriminate against me to again, obstruct a 2021 timeline. JTM retaliated against me. I was retaliated against violating

my first amendment right to the Constitution after:

a) Mr. Tolkett and JTM denied me attendance to Rough Terrain Fork Lift re-certification training after I expressed and verbally stated I was involving FBI in what illegal acts that have occurred and are continuing to occur against me.

b) Mr. Tolkett and JTM terminated my employment after openly expressing Ivy Mayberry attempted to steal my home and sheriff's deputy she's related to helped remove me through excessive force from my home in which false use of 911 call is being hidden.

c) Mr. Tolkett and JTM attempted to help entrap me after I started filing 42 U.S.C. 1983s before the United States District Court at Nashville, TN.

d) Mr. Tolkett and JTM manipulated through physical and sexual attraction against Ms. Hill turning her against me after I kept telling co-workers of the illegal acts against me.

e) Mr. Tollett and JTM acted in conspiracy against me not allowing myself open defense to make me appear delusional, incompetent, and a "problem", after I kept repeating verbal statements of how a Cumberland County, TN group named in related case(s) will be losing their careers and freedom once this is all brought to "light".

f) Mr. Tollett and JTM terminated my employment after verbally expressing some illegal "game" continuing against me, that would not end while I suffered kidnapping(s).

Mr. Tollett and JTM acted in conspiracy against me violating my fourth amendment right to excessive force under or to the U.S. Constitution after

A. Mr. Tollett and JTM helped entertain a "game", I was not allowed to win in which Mr. Tollett provided employment housing with two other employees and no per diem. This effort was to push me into moving forward in life, getting another place to live, and allowing a 2021 timeline to be erased.

Mr. Tollett and JTM all knew I was unlawfully removed from my home in which the continued extensions were obstructing the crimes committed against me that included Female Deputy Alvarez and Ivy Mayberry who are both Josh Tolletts evil and sadistic cousins.

Josh Tollett and JTM obstructed against me allowing endless extensions in which I was placed in some kind of religious Cult "game" and judgement I kept rejecting in which this religious game and judgement denied me my first amendment right to the U.S. Constitution.

Josh Tollett and JTM violated my fourth and fourteenth amendment rights to the U.S. Constitution after somehow seizing my location(s) and also tracking me then attempting to use anything possible to obstruct my due process allowing the domestic abuser to prevail in effort to obstruct and/or erase a 2021 timeline.

Tennessee Unemployment obstructed then denied my fourteenth amendment right to equal protection under the U.S. Constitution after I was discriminated against and denied my right to file for unemployment. I own a piece of paper with the Jobs Center of Crossville, TN changing my username and password in which that employee placed the new username and password in his own handwriting. The username and password was previously in my ex-wifes full control as she was collecting unemployment I repeatedly attempted to cut her off of. Tennessee Unemployment did receive at least one of my numerous filings. I was subjected to a conspiracy that includes kidnappings of my 12yr old son, election conspiracy, and an entrapped sitting Judge who passed away after learning of complaint filed against him in which I'm stating Felony Murder occurred. I was blamed for the Judges' death which allowed a domestic abuser to prevail against me. After I confronted and/or mentioned my filing for unemployment, should be on a hard-drive for the Tennessee

Unemployment. I later spoke to a Jobs Center employee at Dayton, TN in which he told me the TN unemployment system was overhauled and/or replaced. The Tennessee Unemployment system has or had proof of my filings in which Obstruction purposely occurred to deny me equal protection. I also have related case(s) that include another state agency denying me state assistance I endlessly applied for and did not receive in time.

Josh Tollett, Josh Tollett Masonry, and TN unemployment agency all acted in conspiracy(s) against me in both their individual and official capacities.

Tennessee unemployment acted through color of state law and through state actor I name as the State of Tennessee.
